## **DETAILED ACTION**

On November 15, 2006, an Office Action was sent to the Applicant rejecting claims 1-30. On February 15, 2007, the Applicant responded by amending claims 1-30.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-30 are rejected under 35 U.S.C. 102(b) as being anticipated by Rosen (5,557,518), as set forth in the previous Office Action.

### ***Response to Arguments***

Applicant's arguments filed February 15, 2007 have been fully considered but they are not persuasive. The Applicant argues that Rosen does not teach or suggest "means for preparing transaction confirmation information including specific items needed for a confirmation of transaction permission, based on the request information". In response, Rosen discloses that system verifies that the purchaser is getting the merchandise and price that was previously selected before the transaction may continue (fig.15A-B and col.18, line 43 to col.19, line 60). Therefore, Rosen discloses "specific items needed for a confirmation of transaction permission, based on the request information" by confirming the content of the transaction before proceeding.

The Applicant argues that Rosen does not disclose or teach communication of transaction permission confirmation information between the merchant and customer

through either the customer trusted agent or the merchant trusted agent or transmitting transaction permission information through the customer trusted agent and/or merchant trusted agent such that the customer trusted agent and/or the merchant trusted agent determines whether to proceed with the transaction. In response, Rosen discloses that trusted agents A and B communicate in order to request information that determines if the purchase is valid or not (col.18, line 43 to col.19, line 60). If the transaction is valid, then the transaction will proceed.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
